Community and School Information

Our family homeschool is located in [City] and provide details about your city if desired.

Curriculum [including philosophy and homeschool approach]

Our Homeschool High School provides a home-based college preparatory education program. The student is taught using a literature-based approach with a focus on mastery rather than memorization. [Our Name] Homeschool High School emphasizes the skills necessary to provide lifelong learning, rather than momentary memorization, and true understanding is our goal. Our school prioritizes the skills of reading, writing, math and research. Our students are capable of finding and analyzing information necessary to succeed in college and career. Delight-directed learning is emphasized and encouraged. Learning experiences take place in a variety of settings. The student has learned independently, and with the assistance of parents and tutors. The student has learned in group settings with a teacher or homeschool parent and individually through online instruction. Our school emphasized independent learning skills that are necessary to succeed in college

Grading and Ranking Procedures

[Family Name] Homeschool High School evaluates students using many methods: narration, participation, project work, testing, etc. Grades are assigned according to the following grading scale: [insert grading scale.] Honors designation can be obtained by completing a college-level placement exam such as the CLEP or DSST with a passing score. Grades are not weighted when calculating the GPA.
